CAPACITY PROFILE

VIET NHAT PRECISION CO., LTD

INTRODUCTION

Viet Nhat Precision Co., Ltd (Viet Nhat Company) would like to send customers wishes for health, success and prosperity. **Viet Nhat Company** was established by people with a lot of knowledge and practical experience in the field of precision mechanical processing, supplying parts for manufacturing machines, equipments in the semiconductor industry and various industrial equipment parts.

Currently our company employs a team of skilled and dedicated technical personnel, most of whom are qualified with vocational institution certificates or university degrees, many of whom are trainees and engineers have been trained and worked in Japan. The company has also boldly invested in improving the capacity of processing, testing equipment, and optimal management tools to fulfill all needs of the market.

With the perspective of respect and wholehearted service for the benefit of customers, we always strive and stay dedicated, with deep gratitude and service slogan “**Create value, Build trust**”. With partners, we always aim for close cooperation to develop together. With employees, we always recognize and honor the efforts and dedications of each individual in the development process of the company.

With that humanistic business point of view that creates a leading sense of responsibility which reflects in all daily business activities of the company. Our company hopes that, with the companionship of our customers, together we will develop sustainably towards success in the future.

Viet Nhat Company sends the best regards and sincerely thank you for taking your time to research our ability and bidding profile.

CREATE
VALUE,
BUILD TRUST.

COVER LETTER

Well - established in 2010 with the vision of becoming a market leader in Vietnam's precision mechanical production industry - specializing in producing parts for semiconductor manufacturing equipment and various industrial equipment components, **Viet Nhat Company** constantly endeavors to pursue its mission towards sustainable success.

In fact, during the precision mechanical processing, our company found that the important keys of the manufacturing industry are cost-produce minimization and fast delivery service.

Therefore, **Viet Nhat Company** has constantly enhanced production quality, applied advanced technologies, along with professional working and flexible modern trends to meet customer's needs and maximize well-qualified service.

Viet Nhat Company commits to making great efforts with our prestige in order to provide completely perfect products for the coming era.

Viet Nhat is much honored to cooperate with The Investor and The Customer.

General director

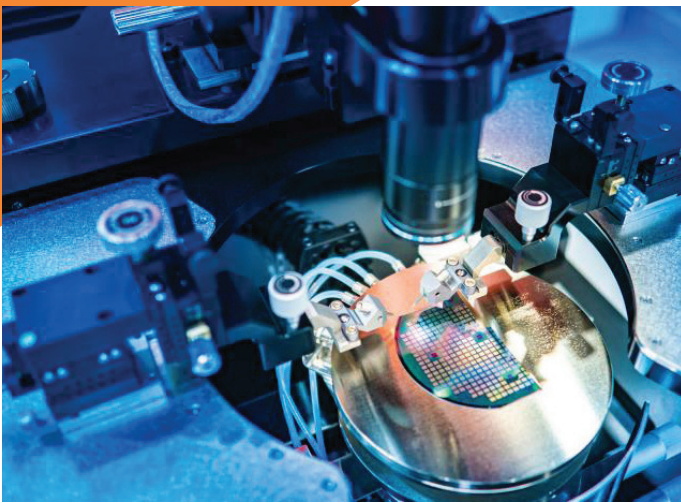

COMPANY INFORMATION

- Company name: Viet Nhat Precision Mechanical Manufacturing Co., Ltd
- Short name: Viet Nhat Precision Co., Ltd
- Tax code: 0310411112
- Established date: October 26, 2010
- Charter capital: 500,000 USD
- Headquarter:
 - Factory 1: Lot EB19, Street No. 19, Hiep Phuoc Industrial Park, Hiep Phuoc Commune, Nha Be District, Ho Chi Minh City
 - Factory 2: 161 Nguyen Chi Thanh, District 5, Ho Chi Minh City
- Phone: 0283 780 1466
- Email: trung_nguyen@vietnhatprecision.com (Japanese)
business@vietnhatprecision.com (English)
- Website: vietnhatprecision.com

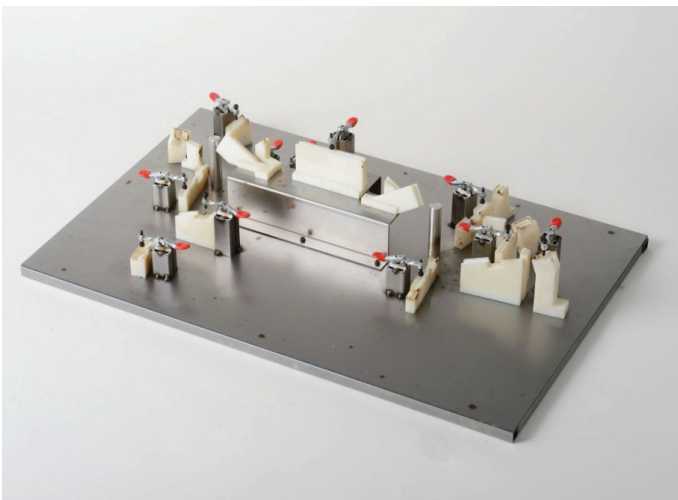

FIELD OF ACTIVITY

**PROCESS COMPONENTS OF
SEMICONDUCTOR
MANUFACTURING MACHINES**

**PRODUCE SPECIALIZED
MACHINE COMPONENTS**

**DESIGN AND MANUFACTURE
TOOLS AND JIGS**

**DESIGN, MANUFACTURE,
AND PROCESS A VARIETY OF
DIFFERENT COMPONENTS**

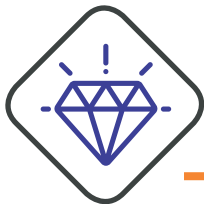

VISION

- Strive to become the leading company in the development of supporting industry in Vietnam.
- To become the competitive and recognized brand worldwide.

MISSION

- **About partner:** To sustainably develop together
- **About staff:** To become the core competitiveness of enterprise development.
- **About production:** To optimize production to manufacture the top quality product with the rational price.
- **Quality concept:** Quality is the starting point for the value and dignity of Viet Nhat.

CORE VALUE

- **Prestige:** To be the foundation of the company.
- **Responsibility:** To do what you say and take responsibility for your words.
- **Respect:** To put yourself in other's shoes before speaking and acting.

Action:

- Accept challenge instead of giving up.
- To choose the better solution besides yours and mine.

- **Result orient:** To talk together in quantities and numbers.

PRODUCTION CAPACITY OVERVIEW

HEALTH GUARANTEE IN
PRODUCTIVE LABOR

PRODUCT QUALITY
INSURANCE

HIGH PRODUCTIVITY
INSURANCE

LABOR SAFETY
GUARANTEE

Viet Nhat owns 2 factories with a total area of 1,500 square meters. A producing line with modern and advanced equipments imported from Japan, Germany, India. Our company always focuses on recruiting and training high quality human resources through vocational training institutions, continuously improving advanced production methods and techniques to meet the most stringent demands from customers.

Facility No. 2 is a production-training cooperation with a partner Hung Vuong Technology Vocational School.

We coordinate both production and training of high-quality technical personnel who are trained by the company's engineers to operate advanced CNC machines to provide high-qualified labor to take the initiative in resources for the company in particular, and contribute to the supply of mechanical engineering in general.

VIET NHAT STRENGTH

“5 Strengths” brings credibility and trust from customers.

High technical capacity gained from the rich experience and dynamic staff is the great strength of Viet Nhat.

As an expert in the field of precision part processing, we commit to provide products that always satisfy our customers.

01

TECHNOLOGY ABILITY

Our staffs possess high technical competences gained from practical experience.

- We meet requirements for high precision machining of complex-shaped products, and create perfect products that satisfy our customers.
- Machining jigs are factory-made and machined in a short time using a unique machining process.

02

THOROUGH QUALITY CONTROL

We will repay our customer's trust with careful iterative absolute quality control at the production stage.

Instead of ending past failures with failures, we thoroughly investigated each cause and provided remedial measures, while maintaining quality control thoroughly.

03

COMPETITIVE PRICE

At a price that customers are satisfied with.

- We will respond flexibly with a wide range of requirements like no other company.
- We are not only finding good quality and cheap raw materials sources but also shortening the processing time by researching processing technology, constantly trying various improvements at the factory to reduce costs.

04

WORKING MOTIVATION

The efforts from each of us are the driving force behind the growth of Viet Nhat.

- We value internal communication and focus on the development of young employees through education and systematic assessment.
- With the desire to create the best products that no other companies can provide.

05

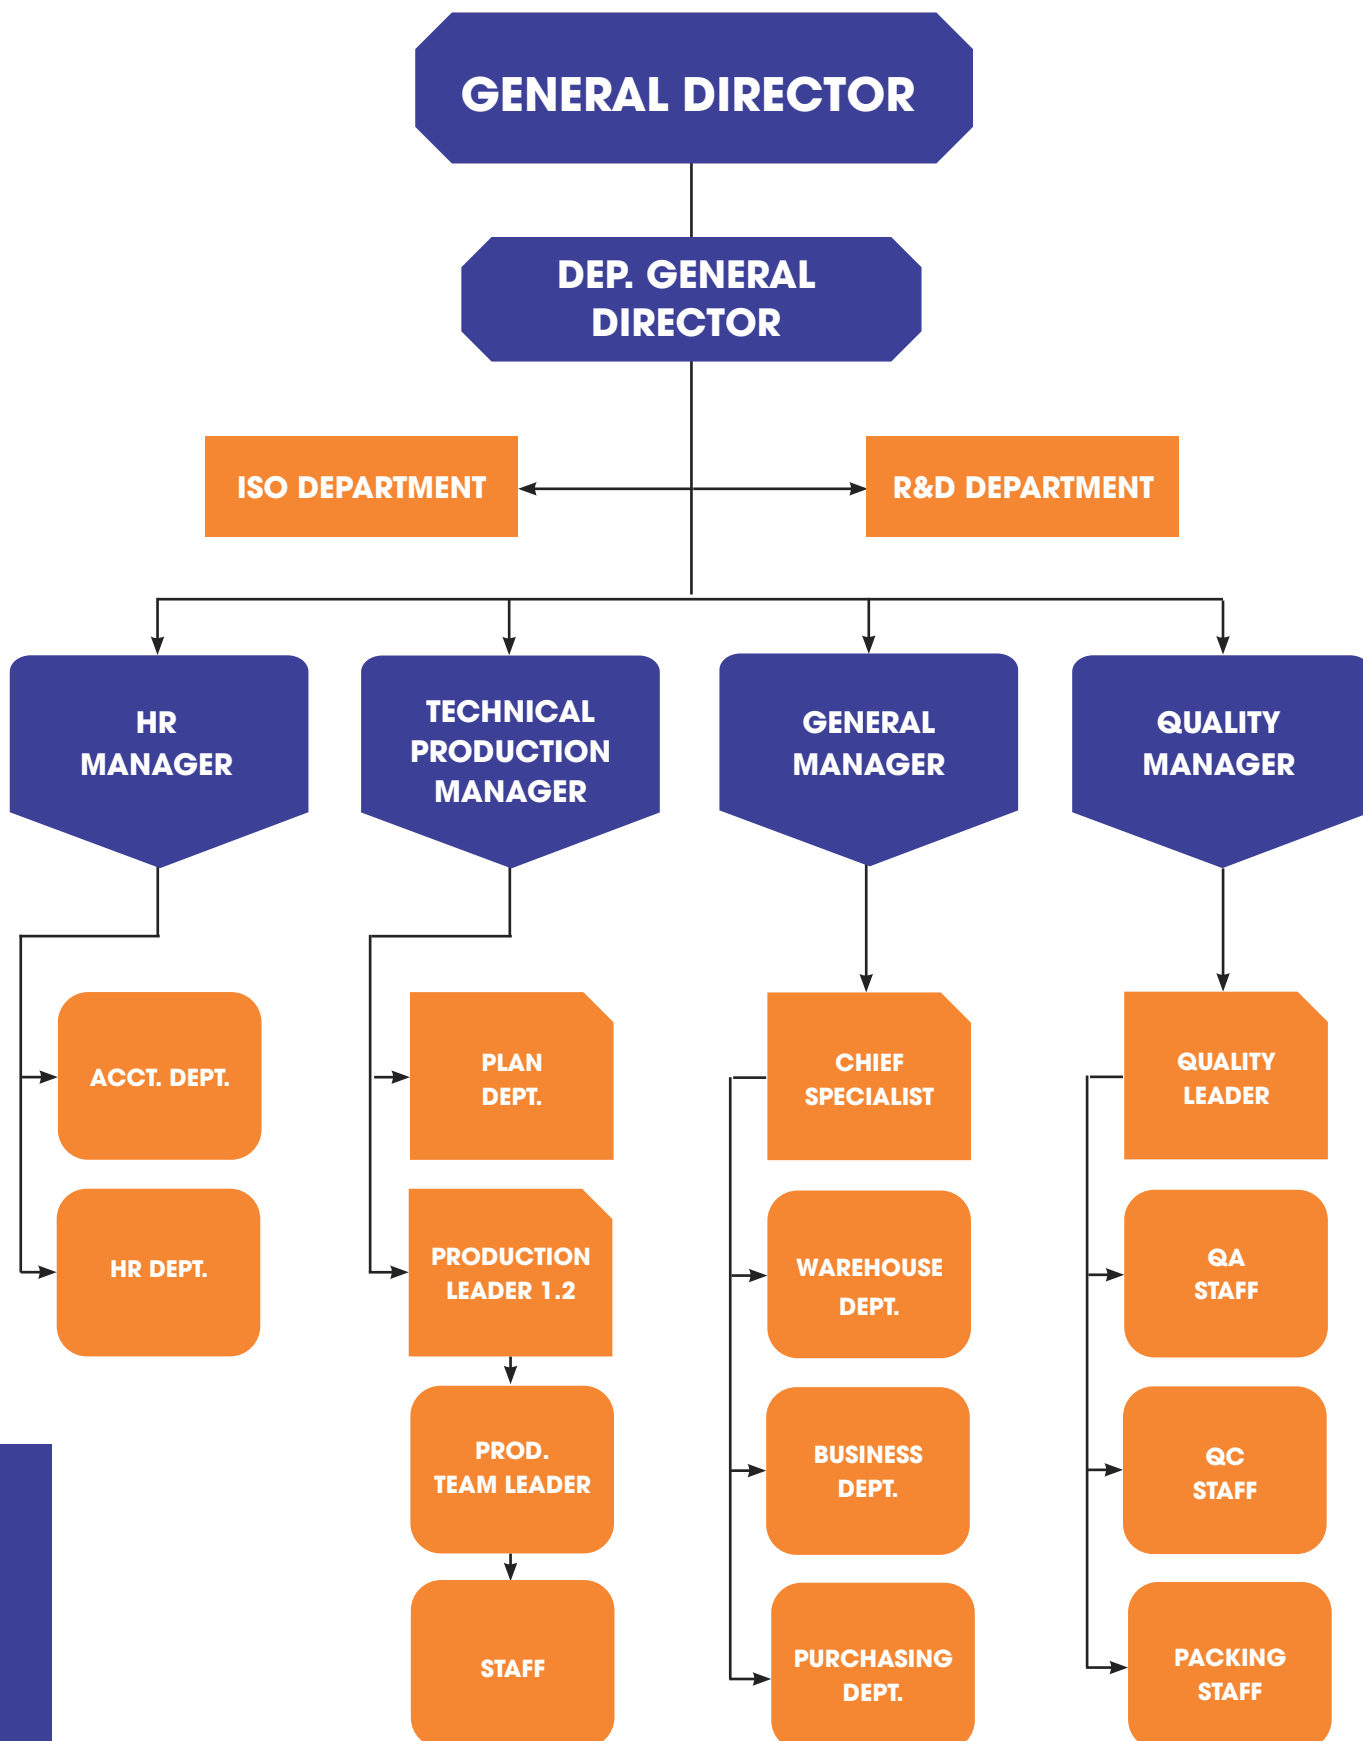

RAPID DELIVERY

We concentrate on manual stage, equipment, production system to quality assurance to achieve extremely short delivery time.

- We always establish the optimal processing process for each project with the goal of shortening the Time to Market for our customers.
- The value of our experience is being able to provide hundreds of choices to our customers in the outsourcing of trial production, sample production, and small quantity shipments with the best quality at the fastest time.

COMPANY ORGANIZATION

QUALITY COMMITMENT

1

QUALITY CONTROL

- We were honored to receive ISO9001:2015 certification for our quality management system in 2015.
- In addition, the company has been equipped with the latest testing equipment to reliably find out dimensional tolerances and tolerances in microns.

2

QUALITY ASSURANCE

- In all activities, in order to satisfy the customer's requirements for products and services, we investigate the necessary evidence by means of cause analysis and cause investigation.
- After completing the measures by planning for improvement and implementing improvement, we provide and guarantee stable quality to Customers.

Certificate of Registration

This certificate has been awarded to

VIET NHAT PRECISION MECHANICAL PRODUCTION COMPANY LIMITED

Lot EB19, Street No.19, Hiep Phuoc Industrial Park, Hiep Phuoc Commune, Nha Be District, Ho Chi Minh City, Vietnam

in recognition of the organization's Quality Management System which complies with

ISO 9001:2015

The scope of activities covered by this certificate is defined below

Processing and Trading of Detailed Precision Items

Certificate Number: 81260/A/0001/UK/En
Date of Issue: (Original) 23 March 2017
Date of Issue: 10 November 2020
Issue No: 3
Expiry Date: 22 March 2023

Issued by:

3D MEASURING MACHINE

The **CMM** gauge accurately checks the dimensional and geometrical tolerances of products with complex shapes. This is a necessary device for products requiring high quality. It can check and detect the defects in microns, so even the slightest error at the production site will not be accepted.
